ITC, Geneva and GISM

The International Trade Centre (ITC), Geneva is the focal point in the United Nations for Technical co-operation with developing countries in trade promotion. As an executing agency of the United Nations Development Programme (UNDP), ITC is directly responsible for implementing UNDP financed Projects in developing countries and economics in transition related to trade promotion.

GISM is a Network Partner of ITC, Geneva.

About The Subject " International Trade.

In a dynamic global business environment, trading among countries is highly profitable and every Indian company will be in Import and Export trade , more so after our Prime Minister's clarion call to Make in India. Professionals working in the Procurement and related areas are to be fully trained in the Import and Export regulations of India in the context of global trade. GISM has come out with a high profile and a specialised workshop on International Trade with an emphasis on all aspects of Importing and Exporting of goods.

The participants will be exposed to all sectors of import and export with lectures, case study analysis, simulation exercises and even essential soft skills for enhancing the learning and understanding .

Few highlights of the workshop contents are:

1. Foreign Trade policy , procedures and documentation for Import and export of Capital goods, Raw Material, Components and Consumables.
2. Preparation and management of International contracts.
3. International Logistics and customs clearance procedures in Import and Export.
4. Duty structures in Import and Export of goods including Export benefits.
5. Various methods of payment in International trade as per FEMA.
6. Soft skills and cultural sensitisation in dealing with overseas companies.
